

FCA appoints members for the UK Secondary Markets Advisory Committee

We've appointed the members of our advisory committee on secondary markets for the period June 2024 to June 2026.

The UK Secondary Markets Advisory Committee supports our work in wholesale secondary markets in equities, fixed income, foreign exchange, and commodities markets across securities, futures, swaps, and options markets. It supports our work by:

- a. *helping to develop reforms that improve market competition, increase consumer protection, and enhance the integrity of markets*
- b. *identifying market changes, trends, threats, and risks that may affect the proper functioning of secondary markets*
- c. *providing data and analysis to support policy reforms*

The UK Secondary Markets Advisory Committee members are:
